Ms. Alexandra Wilson
Chief, Cable Services Division
Mass Media Bureau
Federal Communications Commission

Dear Ms. Wilson:

In response to the FCC cable rate impact survey we have enclosed the survey forms, rate cards and disc for the ten largest systems owned by Century Communications Corp. (50% owned by Century with respect to Colorado Springs ID# C00030, and Cable TV of Greater San Juan ID# PR0001).

Please note that for the four systems listed below, the basic rate listed on the survey form differs from the basic rate printed on the attached rate cards which was the basic rate billed to customers for September service.

The rate listed on the survey form was put in place upon completion of the applicable form 393 work sheets. For the below listed systems Century was forced to provide a preliminary rate to meet billing vendor cut-off requirements. In each of the systems listed below customers will receive a credit for the difference between the amount billed for September service and the rate calculated in accordance with FCC regulations.
